

Program

ANRS MIE Workshop Immunotherapy Group AC44 & AC41 June 26, 2026

Room 132
101 Rue de Tolbiac, 75013 Paris

9h30 **OPENING COFFEE**

9h55-10h00 **Opening remarks: Pierre Delobel**

Session 1: keynote session I

Chairs: Michaela Müller-Trutwin (AC41 Chair) & TBC

10h00-10h30 **Véronique Avettand-Fenoel** (*University of Orléans, Orléans, France*)
TBC

10h30-11h00 **Joshua J Waterfall** (*Institut Curie, Paris, France*)
From tumor immunology to HIV cure: targeting cryptic antigens in viral reservoirs

11h00-11h30 **François-Xavier Danlos** (*LRTI, Gustave Roussy, Paris, France*)
Immune Cell Engager Strategies in Oncology – Applications in Chronic Viral Infections

Session 2 : Selected Abstracts

Chairs: TBC

11h30-11h45 **Benoît Favier** (*IDMIT, Université Paris-Saclay, Inserm/CEA, France*)
Dual blockade of LILRB1 and LILRB2 in vivo enhances antiviral immune responses in SIV infection

11h45–12h00 **Antoine Dutilleul** (*ULB, Molecular Virology, Belgium*)
Molecular mechanisms of CD8⁺ T cell-mediated non-cytolytic silencing of HIV-1 transcription

12h00-12h15 **Maryam Bendoumou** (*ULB, Molecular Virology, Belgium*)
Evaluating (+)-catechin as a natural compound with latency-reversing activity against HIV-1

12h30-13h45 **PAUSE DÉJEUNER**

Session 3: keynote session II

13h45-14h15 **Bruno G De Geest** (*Ghent University, Department of Pharmaceutics, Ghent, Belgium*)
Lipid nanoparticle-based immunotherapies for HIV reservoir targeting

14h15-14h45 **Christian Buchholz** (*Paul-Ehrlich-Institut, Langen, Germany*)
Approaches to modulate CD8 T cells and NK cells *in vivo*

Session 4: Progress Update on Projects Initiated During the Retreat

Chairs : TBC

14h45–15h00 **Victor Appay** (*Université de Bordeaux, CNRS, INSERM, Bordeaux, France*)
mRNA vaccine to induce effective anti-HIV T cell responses

15h00–15h15 **Christiane Moog** (*Université de Strasbourg, Strasbourg, France*)
Targeting tissue HIV reservoirs – focus on the extracellular matrix

15h15-15h45 **PAUSE CAFÉ**

Session 5: Brainstorming

15:45–16:45 **Brainstorming session in small groups (2–3 groups) with the invited speakers (C Buchholz, FX Danlos, B de Geest, C Delaugerre, J Waterfall)**

16:45–17:30 **Feedback session (5-10 minutes per group), open discussion and next steps**

Scientific and organizing committee:

AC41 and AC44 Immunotherapy group: Michaela Müller-Trutwin; Pierre Delobel; Victor Appay; Philippe Benaroch ; Stéphane Emiliani; Fernando Real; Nathalie Arhel.

ANRS MIE: Basic Research Department and Clinical Research Department; Dahlia Chebbah; Joséphine Tine; Guia Carrara; Nathalie Alazard (Institut Pasteur)
